

Anticipation is the greatest joy!

Serfaus-Fiss-Ladis kicks off the winter season on 8 December. Skiers, snowboarders, winter sports enthusiasts and connoisseurs are particularly looking forward to two highlights: the brand-new Komperdellbahn cable car and the SnowArt Genussfestival. Until the ski resort closes again on 14 April 2024, there will be 129 days of perfect slopes, breathtaking views, plenty of sunshine and enough moments of enjoyment to keep you dreaming of Serfaus, Fiss and Ladis for another nine months.

Serfaus-Fiss-Ladis is home to cordiality - and winter sports

Things are really going crazy these days – Corona, climate, Ukraine, price increases! That's why it's even more important to consciously switch off, take a break from everyday life and celebrate values such as normality, stability and togetherness. This is exactly what the residents of the three Tyrolean mountain villages of [Serfaus, Fiss and Ladis](#) stand for: honest hospitality, healthy community and living tradition. Every accommodation operator, every cable car employee and every ski instructor - and every other single inhabitant of Serfaus-Fiss-Ladis - welcomes its guests with open arms and thus ensures an unforgettably exciting and relaxing escape from everyday life. Because up here, cordiality is at home!

Up high with the new Komperdellbahn cable car

What began almost 25 years ago with the merger of the [ski resorts Serfaus and Fiss-Ladis](#) is now considered one of the best places for a winter holiday in the Alps. 214 kilometers of perfectly groomed slopes of all degrees of difficulty, six fun areas and twelve ski routes for freeriders are one thing. An infrastructure perfectly adapted to the needs of families with children the other. It is not without reason that Serfaus-Fiss-Ladis says of itself: "We are family!" But resting on your laurels is not an option! Starting in December 2023, the [brand-new Komperdellbahn cable car](#) will transport skiers, snowboarders and freeriders – as well as happily "ski-less" grandparents, panoramic winter hikers and hut lovers - up to the 1,982-meter-high Komperdell. The 10 passenger cabins carry up to 3,000 people per hour into the winter wonderland - and are, of course, suitable for strollers and barrier-free.

The bottom station in Serfaus literally merges into the slope, making the bottom station area seem much more spacious and generous than before. So here we are at 1,442 meters above sea level. Before getting off at the top station after a good ten minutes, you pass the new mid station at 1,610 meters. For beginners, ski schools and friends of the blue family runs, the station is now even more convenient than before. In addition, there's a new winter hiking trail for all non-skiers over to the popular Leithe Wirt restaurant. The 540 vertical meters of the brand new Komperdellbahn cable car are an experience in themselves!

Fun, music and acrobatics: lots of events in the snow

At the [SnowArt Genussfestival](#) everything revolves - nomen est omen - around enjoyment in the snow. On the first two weekends of the ski winter, from 8 to 10 December and from 15 to 17 December, all winter fans can indulge in culinary and musical delights in selected mountain restaurants from 11.30am to 3.30pm each day. Regional delicacies and local specialties will be served, bringing the local cuisine to the plates of all visitors. A varied selection of live bands and individual artists will provide the right rhythm. The variety of sounds ranges from rock, pop, folk music to blues, jazz, funk and Schlager. Even more pleasure for your wallet: as a special treat, there will be [attractive ski ticket prices](#) for holidaymakers with a guest card at the start of the snow season from 8 to 22 December 2023.

After a day full of activities in the snow Serfaus-Fiss-Ladis offers a wide variety of evening events. One of the event classics is the [Adventure Night](#) "Reflection" in Serfaus every Wednesday with spectacular and colorful shows. The breathtaking spectacle begins on 20 December 2023 at 9pm with impressive snow and show acts as well as a first-class ski show by the Ski School Serfaus and fascinating light effects. On the evenings of the *Adventure Night* there is also the possibility of night skiing and night tobogganing. At the [Nightflow](#) "The Eagle Returns" in Fiss, dancers, acrobats and the snow sports instructors the Ski School Fiss-Ladis will rock the *Nightflow* arena on the slopes of the Möseralm. The premiere will take place on Thursday, 28 December. After that, the eagle lands every Tuesday at 8.30pm. In addition, you can go night skiing. Visitors in Ladis can also experience a unique program after the lifts close. Every Thursday from 14 December 2023, from 4 to 9pm, a unique mix of cozy winter atmosphere, traditional live entertainment and culinary delights will take place in the [Marktdorf Ladis](#) by the castle pond against the breathtaking backdrop of Laudeck castle. The ["Fire and Ice" show](#), a figure skating performance, delights visitors to *Magic Ladis* with a spectacular light and fire performance, which takes place on 1 February 2024 from 8.30pm at the castle pond in Ladis.
